

## SCAN AND X-RAY COUCHES

Designed to ensure optimum working conditions for the staff and maximum comfort for the user

We observe all legislation and government requirements, including the European Directive 93/42/EEC on medical devices. We are certified according to EN/ISO 13485, and all our products are CE-marked.

## 2-part scan and x-ray couch on columns

The best conditions for x-ray or scanning jobs. We have created a couch that meets all requirements for staff and patients. Optimal space for scanning / fluoroscopy over and under the bed surface.

The lifting columns are placed at the ends, a frame near to the floor. Easy to access with fold away bed guards, folded up underneath the lying surface. The couch has central brakes. Friendly couch with rounded edges and lying surface in compact laminate. Detachable head/foot boards. Back adjustment. Trendelenburg and anti-Trendelenburg function.

rehab-care®

# WE HELP YOU MAKE A DIFFERENCE

Rehab-Care develops, manufactures, services and repairs high-quality equipment and aids for the nursing and health sectors – e.g. hospitals, medical clinics and nursing homes.

At Rehab-Care the user's demands and needs are always in focus in the development and production of equipment and aids for hospitals, clinics and the nursing sector.

All Rehab-Care products are designed to ensure optimum working conditions for the staff and maximum comfort for the user.

We have detailed knowledge of all models, and we can customize our products to suit functional as well as aesthetic needs.

Our products need to be practical and functional, but we want them to look great too. If you have special wishes for e.g. upholstery colour, etc., we will customize it to suit your wishes and needs.

Your daily life should not be disrupted by long periods of interruption. We therefore service equipment on a day-to-day basis. We offer this service for both our own and third-party products.

All our prototypes are tested in co-operation with the Danish Technological Institute and other external consultants.
